

THINK BIG!
 Run Small.

Get the small graders that think like big graders:

- Full-size operator compartment
- Proven all wheel drive
- Pre-engineered hookups for attachments
- Industry-standard low-effort controls

Nonhardening, Nondripping Formula Speeds Assembly, Disassembly; Ideal for Use in Industrial Environments

CLEVELAND, OH — Thred Gard®, a powerful anti-seize and lubricating compound, is now available to help protect against troublesome seizing, galling, rust and corrosion found in many industrial and manufac-

turing environments. Manufactured and marketed by the Gasoila Chemicals division of Federal Process Corporation, Thred Gard's powerful formula is nondripping and nonhardening, making it

ideal for use on nuts, bolts, bushings, turbines, sleeves, couplings and other interlocking components. The compound also speeds assembly and disassembly, helping technicians reduce maintenance-

related downtime. Thred Gard is available in three compounds for use at different high-temperature levels, including a general purpose formula for temperatures up to 1,000 F/537 C; a copper-based formula for temperatures up to 1,800 F/982 C; and a nickel-based formula for temperatures up to 2,600 F/1,427 C.

Every Thred Gard formula is offered in three convenient sizes: a 1/4-pound brush-top container, a 1/2-pound brush-top container and a 1-pound-top brush container. additional product information, to place an order or to receive a free Gasoila product catalog and sample, please call 800-846-7325 or visit

www.gasoila.com. Gasoila Chemicals, a Federal Process Company, offers a diverse line of quality products for the petroleum, plumbing, LP Gas, HVAC, automotive and general industrial markets. From industrial thread sealants and cutting oils to gas gauging pastes and industrial cleaning chemicals, Gasoila has long been the professional's choice for tough, reliable chemical products that get the job done.

Thred Gard's powerful formula is nondripping and nonhardening, making it ideal for use on nuts, bolts, bushings, turbines, sleeves, couplings and other interlocking components.

BEAUTIFUL COUNTRY-VILLAGE ESTATE

This is an opportunity of a lifetime to own the home of your dreams. Located near the Mohawk River at the edge of historic Fort Plain, New York. This property is located on well maintained, US Route 5S; a country home a stones throw to the village.

Your children will attend an excellent small village central school with good academic standings. This school is crime free and offers a great sports program. If you prefer, you have near by Christian schools to choose from.

Located 4 miles west of exit 29 of the New York State Thruway; 1 hour west of Albany; 45 minutes east of Utica; 1 1/2 hours east of Syracuse and 35 minutes north of Cooperstown. Albany and Syracuse both offer major airports.

While the interior of this great home is nearly impossible to describe properly, the following will give you a glimpse of what you will enjoy.

A designers dream solid Oak kitchen- Oak cabinets with Oak trim and Oak flooring. Nearly

new built in appliances with excellent lighting and electric power to handle any requirement. Eat in area with additional 2-person breakfast bar.

The adjoining formal dining room will accommodate your entire family and friends. Perfect for entertaining. This property is picture book pretty.

Then on into the living room with a true mason-craftsman built stone fireplace where you can enjoy cable TV. Or entertain your friends with your children down stairs in the family room.

The master bedroom suite is also on the 1st floor featuring a two-person soaker tub! The second floor offers three bedrooms with bath and the basement has a mother-in-law 3-room apartment complete with kitchen and bath. The separate office room has a great fireplace, which connects onto the family room.

Not to be over shadowed by the house, the heated garage area has 3 stalls with excellent shelf area. The electric overhead doors open onto a new black-topped driveway suitable to

park several cars or your RV.

Your guest will enjoy the professionally designed landscaped lawn with trees and shrubs. Now back into the house with a laundry room with both interior and exterior doors and a three season carpeted patio with glass sliding doors. Village water and sewer with natural gas for the baseboard hot water heating system.

If this description reads almost too flowery, it's actually understated and awaits your personal visit and approval.
